FCC Mail Room

I am writing in regards to my Open Range Service. I was informed that I could possibility not have future service with them and I am very upset. I am hoping that you will reconsider this alternative. I have had great service and customer service with them and they are there 24/7. Please allow the Glencoe, Alabama area and others to still have service from Open Range Service.

Sincerely,

A handwritten signature in cursive script that reads "Holly Key".
